

RESERVE YOUR STAND FOR INTERTRAFFIC AMERICAS 2025!

BRINGING THE INDUSTRY TOGETHER

/// The synergy between the different perspectives and experiences of cities in the region will make it possible to generate innovative and effective solutions. With different actors in the sector that promote innovation and development in the region we can build a better mobility future together.

INTEGRATED SUMMIT

/// The Intertraffic summit is a fundamental tool to continue professionalizing the industry. Professionals can improve their skills and knowledge, update themselves on the latest trends, expand their network of contacts and improve the competitiveness of companies.

EVENT LAY-OUT & ELEMENTS

/// Our innovative event lay-out will encourage collaboration between stakeholders, facilitating the exchange of ideas and experiences. It will promote the inclusion of technologies and new figures that provide perspectives available to all. The combination of elements is designed to encourage interaction and learning among all attendees. Visitors will flow naturally between the different areas and activities. All elements complement each other to provide an interconnecting visitor experience to understand mobility in the region.
