THE IDEAL PLATFORM FOR SMART MOBILITY STARTUPS

IITSUP

Are you a startup in the field of smart mobility? Do you want to get in contact with business leaders, stakeholders, potential partners and investors?

Then the IITSUP event during Intertraffic 2024 in Amsterdam is the ideal platform for you!

From 16 to 19 April 2024 you can present your smart solution to 30,000+ industry professionals from all around the globe.

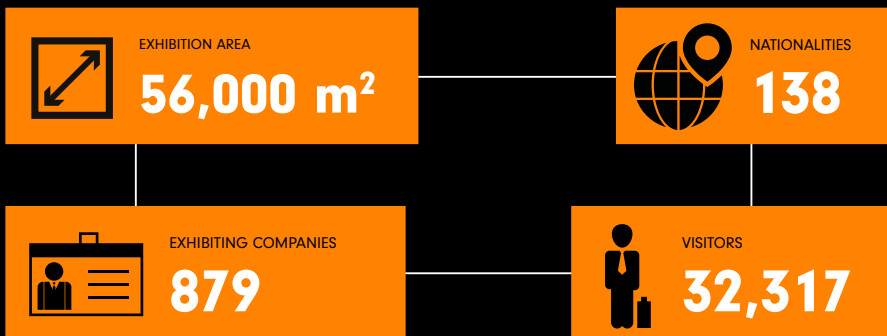

IITSUP will be staged at RAI Amsterdam, The Netherlands.

Startups are significant contributors to the innovative strength of the traffic technology and smart mobility scene. Commercial businesses, cities and government authorities are keen to cooperate with these young visionaries. To facilitate a flying start for potential game changers, Intertraffic created IITSUP, a platform for startups to pitch innovative solutions and connect with investors and corporate partners.

Under the wings of Intertraffic, IITSUP gives promising startups unrivalled exposure to an international audience of traffic technology professionals. So let's accelerate connections for today's and tomorrow's mobility challenges!

Intertraffic, the largest and most comprehensive event for the traffic technology and smart mobility industry, connects professionals from around the world. With a global event portfolio and a far stretching international reach, Intertraffic provides the ideal stepping stone for startups.

INTERTRAFFIC IN NUMBERS

(Figures Intertraffic 2018 - Amsterdam)

IITSUP takes place in a dedicated hall during Intertraffic 2024 in Amsterdam. Each startup will have its own exhibit area and open stages facilitate pitches and presentations. The IITSUP hospitality lounge is home to networking and matchmaking activities.
