Modular stand packages

RAI Amsterdam developed modular stand packages to provide you with a sustainable and cost effective stand.

The look and feel of these stand designs are luxurious and the stand has a high visibility because of the included graphics. We advise the modular stand packages up to 50m2.

	Boost Silver	Boost Gold	Impact Gold	Impact Diamond

250 cm wall height	✓	✓		
300 cm wall height			✓	✓
Regular rate - price per m2 excl VAT	€270	€375	€325	€380

Advantages

- These stand packages are cost-effective as we work with preferred suppliers for all RAI events
- Higher quality of service to exhibitors; One point of contact for all additional services and can be served on-site for extras
- Sustainable; Many of the elements will be re-used after the event for a next event, instead of being thrown away and working in close operation with Dutch stand constructors which reduced the logistics movements around RAI
- Possibility to expand the package further with eye-catchers
- High visibility because of the graphics that are included the packages
- The look and feel of these stand designs are both luxurious and firm

Specifications

- The graphics are completely customisable to the appearance of your company
- The walls in the Boost package are 250 cm high with a 350 cm high eye-catcher (350 cm high - 200 cm wide)
- The walls in the Impact package are 300 cm high
- The items in the packages cannot be exchanged for other items
- If by any chance you do not need or use all items or would like your carpet in other colours than the standard colours (see images), please let us know
- These packages can be ordered up until 6 weeks before the first build-up day
- The Standard Terms and Conditions of Event Participation apply
