About Guangzhou

China is currently the world's largest automotive producer, while Guangzhou is the major automobile production base and export base in China, and has obvious advantages of industry cluster.

Guangzhou is home to the Guangzhou Automobile Industry Group Co Ltd, a Chinese state-owned joint stock holding company that owns several Chinese automakers and one of the largest vehicle manufacturers in China. GAIG has partnerships with Fiat, Honda, Isuzu, Mitsubishi, and Toyota. These partnerships allow it to produce foreign-branded products for sale in China.

Exhibitor quotes:

"For Encory, exhibiting at Rematec Asia is a great opportunity if you want to talk with Chinese customers and to expand your business in the area."

Jesper Willman, Encory GmbH

"Participation in a large-scale exhibition such as Rematec Asia 2019 offered us an opportunity to get a chance to meet with customers and gave us insight into the changing demands and focuses of the business."

Alex Nikonov, MSG
