ASIA'S PREMIER PROFESSIONAL REMANUFACTURING TRADE EXHIBITION

BRIDGING EAST AND WEST

The “Rematec” brand originated in Amsterdam, the Netherlands, and is currently the world’s most influential remanufacturing trade exhibition. In June 2023, following a four-year hiatus, the flagship exhibition in the Netherlands was reopened again, and received unprecedented active participation from industry associations, vehicle OE and remanufacturing brands throughout Europe, attracting professionals from more than 80 countries and regions.

Rematec Asia is the only professional exhibition in the field of automotive remanufacturing in Asia. In its 2024 edition, the exhibition will spotlight recycling and remanufacturing of electric vehicle batteries and components, alongside the traditional remanufacturing sector. The event welcomes professionals from auto parts cities, repair shops, vehicle remanufacturing departments, and dealer alliances across Asia, contributing significantly to the advancement of the remanufacturing industry.

Previous exhibitors of Rematec Asia

Ag Cores, Asysum S.A., ATC Drivetrain, Emmetec S.r.l, Encory GmbH, Ganzeboom, GSL, Kinergo ZAO, MERA, MRT, MSG, Guanzhou Huadu Worldwide Automatic Transmission Co., Ltd., Guangzhou Wanzhenda Power Technology Co., Ltd., Tebo Auto Parts Remanufacturing (Hebei) Co., Ltd., Dalian Yichi Internal Combustion Engine Co., Ltd, Guangzhou Funing Times Automotive Lamp Co., Ltd, Zhejiana Gold Intelligent Suspension Corp and many more.

GAIN FIRSTHAND KNOWLEDGE ABOUT THE CHINESE REMANUFACTURING MARKET

EXCLUSIVE BUSINESS TOUR

Rematec presents an exclusive business tour crafted for European enterprises, offering unique insights into China's remanufacturing sector and its latest advancements. Engage with key stakeholders and industry leaders through the entire remanufacturing value chain, from automotive engines to electronic products. Participate in tailored business visits, government-enterprise dialogues, industry exchanges, designed to provide in-depth understanding and strategic insights. Gain firsthand knowledge of China's remanufacturing policies and emerging trends through direct engagements with government officials and institutional representatives. **For more information about the business tour contact your regional sales representative or send an email to rematec@rai.nl.**

Rematec Theatre

Get educated about the most pressing topics in the emerging Chinese market

- Technical Innovation and Advances
- Market Trends and Business Strategies
- Government Policies and Regulations
- Industry Practices and Case Studies

Industry executives and experts will discuss prominent subjects including global auto parts remanufacturing, practices within the EV parts industry, battery remanufacturing, technical standards, and policy interpretation.

These sessions are designed to facilitate international exchange and cross-lingual communication between Chinese and foreign stakeholders.
