

Exchange Meeting on Release and Promotion of Scientific and Technological Innovation Achievements in Transportation

Time: July 24, 2023, 13:30-17:00

Venue: Conference Room 1-A, Shanghai World Expo Exhibition & Convention Center

Organiser: China Academy of Transportation Sciences

Language of communication: CN

Time	Speech topic	Speakers and their organizations
13:30-13:40	Speech	Pan Fengming, Vice President of China Academy of Transportation Sciences
13:40-14:00	Policies and Practices of Promoting Scientific and Technological Achievements in the Transportation Industry	Dong Jing, Deputy Director, Transportation Science and Technology Development Promotion Center, China Academy of Transportation Sciences
Release of outstanding achievements		
14:00-15:50	Vehicle-road coordinative intelligent road-side unit (RSU or T-Station)	Beijing Nebula Link Technology Co., Ltd.
	Key technology of microprism reflective film	Daoming Optics & Chemical Co., Ltd.
	Key technologies for safety improvement of guardrails in reconstruction and expansion of Jinan-Qingdao Expressway	Beijing Hualu'an Traffic Technology Co., Ltd.
	Intelligent roadbed construction technology based on unmanned driving and 3D mechanical control	Jiangsu Easttrans Engineering Detection Co., Ltd.
	Integrated guarantee technology of urban rail transit safety monitoring and emergency management	Tianjin Rail Transit Operation Group Co., Ltd.
	Complete set of technologies for the overall enhancement of open free flow service capability	China Merchants Huaruan Information Co., Ltd.
	Key technologies of intelligent	Guangzhou Jiaoxintou Technology Co., Ltd.

	management and services of urban public transport	
	A directional tweeter control method and system for expressway	Zhejiang Expressway Information Engineering and Technology Co., Ltd.
	Construction technology of high-strength steel W-beam guardrail	Jiangsu Guoqiang Transportation Group Co., Ltd.
	Road-side smart base station technology for vehicle-road coordination	Vanjee Technology Co., Ltd.
Owner Communication		
15:50-16:05	Current situation and development of digital transportation	China Design Group Co., Ltd. Ji Jinzhang, Chief Engineer of Intelligence and Informatization
16:05-16:20	Achievement application and demand sharing of industry sci-tech innovation	Shandong High-Speed Group Co., Ltd.
16:20-16:35	Application sharing of long-term noise reduction asphalt pavement technology	JSTI Group Co., Ltd. An Fengwei, Deputy Director of Road Division
16:35-16:50	Research and application of key technology of numerical control safety of highway tunnel	Zhejiang Communications Investment Expressway Operation Management Co., Ltd. Fu Hongyang, Technical Director
