GENERAL INFORMATION

Level	1	
Entrance	L	Entrance L6 (the revolving door) is the main entrance of the Amtrium on the ground floor.
Maximum		L6 has a maximum capacity of 2500 people per hour (including baggage). There are also five double doors, L1 to L5, of which L5 is the loading bay entrance
Surface	31 m ²	333 sq.foot
Length x width x height		7.5 x 4,2 x 4 m
Furnishing	+	Carpet
Door	Single door	
Maximum floor load	400kg/m ²	
Loading goods		Door L5 (next to the revolving door) is the main loading bay entrance. This door has a lower threshold that makes it level with the floor of the lounge. elevator C is the freight elevator and connects to all floors. It provides a maximum capacity of 1600 kg and 21 persons, and has the dimensions 1.4 m x 2.4 m x 2.4 m (wxhxd)
(Wheelchair) accessibility	+	The ground floor can be accessed via entrance L6. There is an escalator between the ground and first floors. Two passenger elevators (A and B) and one freight elevator (C) connect to all floors. elevators A and B have a maximum capacity of 1000 kg and 13 persons, and have the dimensions 1.6 m x 1.4 m x 2.4 m (wxhxd).
Pillars	-	
Catering	+	The room features a mobile buffet with cooling (1400 mm x 800 mm). Catering options can be discussed with your Account Manager. The Amtrium restaurant (staff canteen) is on the first floor. The ground floor of the Amtrium hosts the restaurant THE ROAST ROOM, which can also be accessed directly from the outside.
Day light	+	
Darkening	-	The Amtrium is equipped with blinds. However, total darkness can only be achieved by manually hanging up special curtains. Contact your Account Manager for more information
Electricity	+	There are electricity points along the walls. A number of ICT and electricity points in the floor are also distributed throughout the space. See the map for more information.
Lighting	+	Dimmable
Climate controll	+

TECHNICAL FACILITIES		SPECIFICATIONS
Beamer projection	-	
Flatscreen	+	Samsung, type DM 75D
Network	+	RAI wifi is the public wifi in the Congress Centre and organisers offices. It is suitable for meetings and conventions hosting up to 1,500 visitors per day. RAI wifi supports basic intern usage, such as e-mailing, browsing and social media (max 2 Mbps per device) - and is not suited for the use of event apps, heavy downloading or for use during interactive sessions, workshops, voting or comparable functions. Visitors can connect to the network by switching on wifi on their device and selecting the 'RAI wifi' network. Automatically a page will be displayed where the user has to accept our Terms & Conditions.
Soundsystem amplifier sound table	-	
Technical room	-	
Translation room	-	
Stage	-	A stage can be set up upon request and for a fee. Considering the measurements of the room, we do not recommend using a stage.
Stage lighting	-
